

Zeiberbude 2.0.4 for Mandriva Linux 2010.0 & 2009.1

Zeiberbude is an point of sales program for cyber-cafes. It was written for a cafe with the same name.

Zeiberbude is a point of sales program for cyber-cafes.

Its features include an independent timer for each computer in the cafe, user accounts for easier identification, drag 'n' drop of user information from one computer to another (if the user switch machines), and support for entering and billing for supplemental cost items (drinks, snacks, etc.).

It also includes a configuration wizard to set cafe rates, including standard rates (per hour,

half-hour and quater-hour), Happy Hour rates (start time, end time and cost allocations with the standard rate), club member rates, etc.

Homepage:

<http://zeiberbude.sourceforge.net/>

Screenshots

The screenshot shows a software window titled "zeiberbude V2.0.4". At the top right of the window are standard window control buttons (minimize, maximize, close). Below the title bar is a dark blue header with the text "zeiberbude" on the right and a dropdown menu on the left labeled "Escolha um modo".

Below the header is a tabbed interface with four tabs: "Empresa", "Tarifa", "Produtos", and "Clientes". The "Empresa" tab is currently selected.

The main area of the "Empresa" tab contains a list of labels on the left and corresponding input fields on the right:

- Empresa
- Proprietário
- Rua
- CEP
- Cidade
- Telefone
- Fax
- e-Mail
- WWW

At the bottom of the form area are two buttons: "Desfazer" (Undo) on the left and "Salvar" (Save) on the right.

At the very bottom of the window, there is a status bar with the text "Pronto" on the left and a small icon on the right.
